## Waking Watch Fire Marshals

### Putting Safety First

We at Rage are an experienced team of trusted professionals who specialise in covert, overt, system and perimeter security solutions. We work alongside Fire Safety Consultants and Fire & Rescue Services throughout the UK to deliver Waking Watch fire marshals services that put safety first. Whether you are a corporate or private individual looking for Waking Watch solutions, we're confident that we have the bespoke package for you. Please don't hesitate to contact us today to discuss your requirements.

## What is Waking Watch?

Waking Watch throughout the UK was introduced after the Grenfell Tower fire incident by the National Fire Chiefs Council (NFCC). These services accompanied a change in NFCC regulations regarding the evacuation strategy in the event of a fire, from 'stay put' to 'simultaneous evacuation'. Waking Watch also referred to as 'fire watch' consists of a team of highly trained professionals patrolling any multi-occupancy at regular intervals throughout a 24hr period.

### In the Government's own words, Waking Watch is:

"A system whereby suitably trained persons continually patrol all floors and the exterior perimeter of the building in order to detect a fire, raise the alarm, and carry out the role of evacuation management."

## What are Waking Watch duties?

Over the last five years, we have developed a tried and tested system which is compliant with the current National Fire Chiefs Council NFCC guidance. Drawing on our many years of experience, we have developed a three-phase approach to our Waking Watch duties.

1

Undertake appropriate patrolling, identifying hazards and raising the alarm if a fire occurs.

2

Implement a well-tested evacuation procedure like that used by emergency services.

3

Communicate with external agencies and hand over.

A Waking Watch will also deliver reports which can be on an hourly, daily or weekly basis. Our Waking Watch duties save lives, protect buildings and structures, and save huge amounts of money in the event of a fire. Please don't hesitate to contact us today to discuss your requirements.

## How much does Waking Watch cost?

The hourly rate per person/individual undertaking Waking Watch duties ranges from £12.00 per hour to £30.00 per hour. Get in touch with us for more information and a FREE quote.

## Why choose us?

We offer bespoke packages suitable for corporate or private individual security needs using a variety of measures including security risk assessments or immediate deployment.

### FREE Quotes

Whether your needs are general-purpose security measures or complicated covert surveillance projects, we have the solution for you. Get in touch with us for a FREE quote.

## Why is Waking Watch important?

Waking Watch is necessary for many reasons but primarily to raise the alarm, ensure residents have enough warning in the event of a fire and support the evacuation strategy. Here are some of the other benefits of Waking Watch:

All hazards are reported in real-time.

Any combustible or potentially dangerous items are removed.

Ensuring fire escapes are maintained and free from obstruction.

'Silent alarm' drills to ensure marshals are prepared.

Onsite inductions for staff.

Continual risk assessments.
